SECTION 6. Section 16.024 of the San Bernardino County Code is amended, to read:

16.024 Building Inspection and Plan Review - Building and Safety.

All fees fixed by this section are for each identified process. Additional fees will be charged for each additional process that is required. Where fees are indicated on a per unit of measurement basis, the fee is for each identified unit or portion thereof within the indicated ranges of such units (e.g. such units of measurement include total valuation, square footage, cubic yards, years, BTU's, etc.).

Cumulative fees - Where fees are indicated as cumulative, they are fixed for each indicated range individually and separately from all other ranges. The total of all preceding ranges yields the cumulative total.

(a) Building Permit Fees by Total Valuation. The following establishes fees by ranges of total valuation. The determination of value or valuation shall be made by the Building Official. The value to be used in computing the building permit and building plan review fees shall be the total value of all construction work for which the permit is issued as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire extinguishing systems and any other permanent equipment.

actual area of each use as determined from exterior dimension, by the appropriate factor from "Table A":

USE FACTOR	
(A) Living areas, including basements and cellars	1.00
(B) Garages and storage buildings	0.50
(C) Porch, patio, carport	0.20

(J) Air-supported and film-covered agricultural buildings	0.10
(K) Milking barns	0.80
(L) Agricultural building-with open sides	0.20
(M) Other agricultural buildings	0.50

When converting from one use to another use, the factor shall be the difference between the factor for the new and the factor for the existing use (i.e., when converting a garage to living area the factor will be 1.00 less .50 = .50).

For remodeling, repair, alteration and rehabilitation in existing buildings, the factor is to be determined by dividing the valuation of the new work by the valuation of the existing building. The factor and square footage are to be determined by the pre-alteration inspection.

17 fee upon entrance.

18 Disposal facility users who have not paid a disposal facility usage fee as a part of
19 a land use fee, contract arrangement with the Solid Waste Management Division, or

22 surcharge as set forth in subsection 16.0222(h).

23 (d) Contracts with Cities or Other Users of the Refuse Disposal Sites.

24 Notwithstanding any other provision of this section 16.0222, the method of
25 calculation of the disposal facility usage fee owed by a city or any other user of a refuse
26 disposal site may be established by written agreement between such city (or other user,

Any permitted cesspool septic tank pumper in San Bernardino County who disposes of authorized liquids at any approved disposal facility which is equipped to accept said liquids shall pay a fee to the Solid Waste Management Division for such disposed liquid based upon the gallon capacity of the septic vehicle. Said fee shall be \$.072 per gallon.

Each refuse hauler using a County disposal facility that does not levy a fee at entry by weight, shall pay a permit fee based upon a per capita per month rate applicable to the specific incorporated city served. Per capita rates shall be established consistent with either:

Current Department of Finance population estimates for each city shall be used as a basis for determining the population of each city. Per capita rates, when requested, shall be available only to haulers serving cities having contract use agreements with the Solid Waste Management Division. Payment of the permit fee shall not constitute payment of any fee required in section 16.0222 for the disposal of tires or the handling of hard to handle or special handling items.

(g) Contractually Set Disposal Fee:

Notwithstanding the provisions of subsection 16.0222(f), the method of calculation of the permit fee set forth in subsection 16.0222(f) and the entity obligated for the payment thereof may be established by written agreement between any city and

the County. Upon expiration or termination of any such written agreement, the permit fee as provided in subsection 16.0222(f) shall again be applicable.
